

Belagliste Nr. 32 der ITTF (1.7.2011-31.12.2011)

Bitte beachten: Für den gesamten Spielbetrieb des DTTB, also auch des Bayerischen Tischtennis-Verbandes, dürfen nur Schlägerbeläge verwendet werden, die auf dieser Liste der ITTF aufgeführt sind (siehe Abschnitt A 6.2 der Wettspielordnung).

Übersetzung der offiziellen Einleitung der ITTF:

Beläge die in diese Liste neu aufgenommen wurden, sind **fett kursiv** gedruckt und sind ab sofort zugelassen.

Dunkler Schwamm (z.B. schwarz, blau, braun, grün, violett, rot) sollte nicht unter roten durchscheinenden Belägen (Achtung: Die meisten roten Beläge sind durchscheinend!) verwendet werden. Es liegt in der Verantwortlichkeit des Spielers, einen Schlägerbelag zu benutzen, der tatsächlich leuchtend rot wirkt. Dunkler Schwamm unter einem durchscheinenden Belag kann den ganzen Belag unzulässig machen. Auch wenn Beläge in dieser Liste ohne Hinweis auf Schwamm aufgeführt werden, ist die Internationale Regel 2.4.3 (TT-Regeln A 4.3) zu beachten.

Viele Beläge haben neben Namen und Hersteller noch weiteren Text eingeprägt, der den Belag nicht unzulässig macht. Der in der ITTF-Liste zugelassener Beläge aufgeführte Text muss allerdings eingeprägt sein. Beispiel: Der Butterfly Sriver L enthält den Zusatz "D13-L", der Butterfly Sriver S "D13-S". Solche Zusätze können an beliebiger Position im Bereich der Belagbezeichnung stehen.

Um festzustellen, ob ein Belag gemäß der Liste zulässig ist,

1. Gültigkeitsdatum der Liste beachten; diese wird zweimal jährlich, im April und Oktober, veröffentlicht und ist jederzeit unter www.ittf.com einsehbar.
2. Hersteller- und Markenname, sowie das ITTF-Logo, und ggf. die ITTF-Nr., müssen auf dem Belag klar sichtbar sein.
3. Derselbe Hersteller- und Markenname und ggf. ITTF-Nr. müssen auf der Liste erscheinen. Im Zweifel können auf www.ittf.com Fotos der Beläge eingesehen werden.

Legende

[R] oder [B]	[R] bzw. [B] hinter den Belagsnamen bedeuten, dass dieser Belag nur in rot (R = red) bzw. schwarz (B = black) erhältlich ist.
„Long“	long = lang: Diese Noppenbezeichnung wird dann verwendet, wenn das Verhältnis zwischen Noppenlänge und -durchmesser einen Wert größer als 0,89 ergibt.
+	Zwei übereinander gestellte Kreuze kennzeichnen einen Belagtyp mit Textilfaserverstärkung, der auch ohne Schaumgummiunterlage verwendet werden kann.
+	
01)	Herstellernummer. Kann zusammen mit dem ITTF-Logo in den Belag eingeprägt sein.

Bitte auch die gelegentlichen amtlichen Mitteilungen des DTTB beachten unter http://www.tischtennis.de/fuer_aktive/material/; sie gelten uneingeschränkt für den bayerischen Spielbetrieb (z.B. Aufbrauchfristen).

LARC (LIST AUTHORISED RACKET COVERINGS) N°32 1 JULY 2011 – 31 DECEMBER 2011

Also available on the Internet: www.ittf.com (Home, Equipment, Racket Coverings)

DATE OF PUBLICATION: 1st April 2011

The new rubbers entering LARC 32 will be in **bold** and *italics* and are valid with immediate effect.

Dark sponge (black, blue, brown, green, purple, red) should not be used under translucent red coverings (most red coverings are translucent). It is the player's responsibility to use a racket covering which appears bright red, and the use of a dark sponge under a translucent top sheet is likely to make the rubber illegal. Even if racket coverings appear in this LARC without reference to sponge, the Law 2.4.3. governs the use of sponge.

Many racket coverings contain additional text in the rubber mould apart from the brand name and suppliers name and this does not disqualify them from the LARC. However, the brand name given in the LARC must be there (for example, Butterfly Sriver L and Butterfly Sriver S have the addition "D13"). Such texts could be positioned anywhere in the area reserved for the text on the rubber.

How to acknowledge a racket covering from LARC:

1. Make certain that you have the correct LARC (see date of validity, it is published twice a year, in April and October.

Pdf files to be found on our website at all times: www.ittf.com).

2. The supplier and brand names as well as the ITTF logo and eventually ITTF number should be clearly visible on the rubber.

3. These names should appear in the LARC. If in doubt, check the images/pictures on the ITTF web site.

LEGEND

[R] or [B] Indicates that this brand name is available in only red or black respectively.

"Long" Under 'Pimple Type', this is used where the aspect ratio (= pimple height / pimple diameter) is larger than 0.89.

‡ Indicates a version available with a textile reinforcement, intended to be used without sponge.

(01) Supplier number, may appear in the rubber mould together with the ITTF logo.
