

## Belagliste Nr. 27B der ITTF (1.1.-30.6.2007)

Bitte beachten: Für den gesamten Spielbetrieb des DTTB, also auch des Bayerischen Tischtennis-Verbandes dürfen nur Schlägerbeläge verwendet werden, die auf dieser Liste der ITTF aufgeführt sind (siehe Abschnitt A 6.2 der Wettspielordnung).

Übersetzung der offiziellen Einleitung der ITTF:

Dunkler Schwamm (z.B. schwarz, blau, braun, grün, violett, rot) sollte nicht unter rot durchscheinenden Belägen (Achtung: Die meisten roten Beläge sind durchscheinend!) verwendet werden. Es liegt in der Verantwortlichkeit des Spielers, einen Schlägerbelag zu benutzen, der tatsächlich leuchtend rot wirkt. Dunkler Schwamm unter einem durchleuchtenden Belag kann den ganzen Belag unzulässig machen. Auch wenn Beläge in dieser Liste ohne Hinweis auf Schwamm aufgeführt werden, ist die Internationale Regel 2.4.3 (TT-Regeln A 4.3) zu beachten.

Viele Beläge haben neben Namen und Hersteller noch weiteren Text eingeprägt, der den Belag nicht unzulässig macht. Der in der ITTF-Liste zugelassener Beläge aufgeführte Text, muss allerdings eingeprägt sein. Beispiel: Der Butterfly Sriver L enthält den Zusatz "D13-L", der Butterfly Sriver S "D13-S".

Um festzustellen, ob ein Belag gemäß der Liste zulässig ist,

1. Gültigkeitsdatum der Liste beachten
2. Hersteller- und Markenname, sowie das ITTF-Logo müssen auf dem Belag angebracht sein.
3. Derselbe Hersteller- und Markenname muss auf der Liste erscheinen.

Informationen die zum ersten Mal in der Liste 27B erscheinen, sind **fett kursiv** gedruckt.

### Legende

|              |                                                                                                                                                       |
|--------------|-------------------------------------------------------------------------------------------------------------------------------------------------------|
| [R] oder [B] | [R] bzw. [B] hinter den Belagsnamen bedeuten, dass dieser Belag nur in rot (R = red) bzw. schwarz (B = black) erhältlich ist.                         |
| „Long“       | long = lang: Diese Noppenbezeichnung wird dann verwendet, wenn das Verhältnis zwischen Noppenlänge und -durchmesser einen Wert größer als 0,9 ergibt. |
| +            | Zwei übereinander gestellte Kreuze kennzeichnen einen Belagtyp mit Textilfaserverstärkung, der auch ohne Schaumgummiunterlage verwendet werden kann.  |
| +            |                                                                                                                                                       |

Bitte auch die gelegentlichen amtlichen Mitteilungen des DTTB unter [www.tischtennis.de](http://www.tischtennis.de) beachten; sie gelten uneingeschränkt für den bayerischen Spielbetrieb (z.B. Aufbrauchfristen).

# AUTHORISED RACKET COVERINGS:

1 JANUARY 2007 – 30 JUNE 2007

LIST N°27B also on the Internet: [www.ittf.com](http://www.ittf.com) (Equipment, Racket Coverings)

DATE OF PUBLICATION: October 2006

Information that appears for the first time in list 27B is shown in **bold** and *italics*.

Dark sponge (black, blue, brown, green, purple, red) should not be used under translucent red coverings (most red coverings are translucent). It is the player's responsibility to use a racket covering which appears bright red, and the use of a dark sponge under a translucent top sheet is likely to make the rubber illegal. Even if racket coverings appear in this List without reference to sponge, the Law 2.4.3. governs the use of sponge.

Many racket coverings contain additional text in the rubber mould apart from the brand name and suppliers name and this does not disqualify them from the List of Authorised Racket Coverings. However, the text given in the list must be there (for example, Butterfly Sriver L and Butterfly Sriver S have the addition "D13"). Such texts could be positioned anywhere in the area reserved for the text on the rubber.

How to acknowledge a racket covering from this List:

1. Make certain that you have the correct list (see date of validity, they are published twice a year, in April and October. Pdf files to be found on our website at all times: [www.ittf.com](http://www.ittf.com)).
2. The supplier and brand names as well as the ITTF logo should be clearly visible on the rubber.
3. These names should appear in this List.

If in doubt, check the images/pictures on the ITTF web site.

## LEGEND

- [R] or [B] Indicates that this brand name is available in only red or black respectively.  
 "Long" Under 'Type', this is used where the aspect ratio (= pimple height / pimple diameter) is larger than 0.9.  
 ‡ Indicates a version available with a textile reinforcement, intended to be used without sponge.
